

TCSL Game Day Procedures

BEFORE THE GAME

- Add any guest players to your roster from within Got Soccer. By doing this, it will ensure that the appropriate players will have been added to the roster.
- Print off the specific **Game Card** from Got Soccer. This will have your team's roster on it. The opponent's' roster will be hidden.
- Ensure that your team's (and any guest players') laminated passes are available to you to bring to game day.

AT THE GAME

Bring the following to the field of play for each game, and provide to the referee for team check-in:

- Printed copy of **Game Card**, generated from GotSoccer.
- Laminated player passes.

Note: Any age-eligible player may play in the match with an approved U.S. Club Soccer player pass. While it is suggested that teams add guest players to their rosters formally within the Got Soccer interface, teams may write-in players on their roster.

AFTER THE GAME

Referees are asked to report scores within 24 hours of the match. If 24 hours has elapsed and scores have not been posted publicly, teams may update scores by using the following information. You will need the game number to enter the score, which is available on public schedules and also on the game-specific Game Cards. You may use either the web URL below or the phone call-in details for the season in question.
