Interclub Transfer Form

Players are bound to a club when they have agreed to accept a roster position and paid part or all of the member club registration fee.

Any player bound to a member club cannot transfer once registered to the member club except in exceptional circumstances.

Such circumstances are:

- A change of living location that makes it difficult to commute to current club.
- A team that player registered for does not come to exist.
- Both clubs must agree to any player transfer after a player is bound to a member club.

The intent of this rule is for clubs to communicate honorably throughout this process. This form must be signed by all parties and submitted to TCSL.

Please note: In order for player to receive a passcard with the new club generated from Kyck, the "old" club must first release the player from within Kyck.

Club participant is leaving: _____

Name of participant: _____

Team and Club currently registered with: _____

Director of Coaching approval (signature): _____
